Notes On Private Sessions

Serious students are urged to schedule private coaching sessions for purposes of continuity and growth. The voice is a muscle that must be stretched carefully and purposefully.

Private sessions are to be scheduled separately (but may take place near), select weekends, and a combination of in-person and online sessions is suggested for purposes of stretching them out. Additional private sessions beyond the norm will be given the same consideration.

National Performance 2019

National performance this season will be at Walt Disney World and is currently slated for the weekend following President's day in February. This is open to all TTT students and requires a separate billing process. For an added training additional cost, non-students can participate. Rehearsals will follow TTT sessions from 3-5pm on the select Sundays listed with additional rehearsals in the 2 weeks leading up to the performance trip. This is billed separately and more information can be found at www.lizrubino.com and by emailing coaching@lizrubino.com. This is a rare and intimate performance opportunity based on the number of students who are selected. Minimum this year is 13 students, and maximum is 20. A non-refundable deposit of \$150 will be due by September 23, 2018 with a commitment to the trip.
